

Welcome to the Second Internet Conference "Nanotechnology and nanomaterials in pharmacy and medicine", which take place on April 19, 2019.

The third All-Ukrainian Scientific-Practical Internet Conference with International Participation "Nanotechnology and nanomaterials in pharmacy and medicine" to be held on April 19th, 2019, at the Inorganic Chemistry Department of **National University of Pharmacy, Kharkiv, Ukraine.**

MAIN TOPICS:

- Current approaches to the synthesis of nanostructures.
- Research physical and chemical properties nanosystems.
- Study of the biological activity of nanostructures (nanopharmacology).
- Creation of medicines based on nano (nanotechnology).
- Development of treatments with drug delivery and nanomedicines (nanomedicine).

Important date: registration and abstract deadline 18, April, 2019.

Conference Regulations

Conference Venue: Ukraine, Kharkiv, 4, Valentynivska str., National University of Pharmacy, Department of Inorganic Chemistry, +380 572 67 92 07

Conference was registered at UkrISTEI (certificate № 267 from August, 09, 2018)

Conference materials: abstracts proceeding **free of charge.** From April, 20 electronic version of abstracts, program and certificate of the participant will be available for download on the

website of Department of Inorganic Chemistry: <http://inorgchem.nuph.edu.ua>.

Languages: English, Ukraine or Russian for abstracts.

Paper preparation: the **TITLE** (font: 14 pt, Bold, Centered) should be followed by the name(s) of author(s), *their affiliation* and *e-mail*. Participation in the Conference: for registration, the [registration form](#) and abstracts should be submitted to the Organizing Committee (fill out one time with one material). To send materials, use the [form](#) and attach the file in the format *.doc or *.docx.

Please, specify in the name of the file your last name, for example, Levitin.docx. If one author sends several abstracts, a digit is added to the file name, for example, Levitin-1.docx and another registration form is filled in.

Results of registration and acceptance, you can monitor the [link](#).
