

I. HORBACHEVSKY TERNOPIL NATIONAL MEDICAL UNIVERSITY

Prof. Mykhaylo Korda, Rector

The specific feature of our University's is a strong collaboration among professors, students, alumni, and friends not only in Ukraine, but also with colleagues from other countries. The energy and passion of our employees never ceases to amaze me, whether they are teaching, conducting research, running day-to-day University operations, or serving the local community.

I cordially extend a warm welcome, whether you visit us online or in person, because there is no better place to study, grow, and develop as an outstanding personality.

**Director of the Institute of Nursing
Assoc. Prof. Svitlana Danchak**

**Director of the Distance Learning
Center Assoc. Prof. Ludmila Mazur**

We help our students grow intellectually, socially, and personally while also assisting them in developing their leadership potential and becoming a significant medical practitioner in the future.

**I. HORBACHEVSKY TERNOPIL NATIONAL
MEDICAL UNIVERSITY has a proud and rich heritage of
academic excellence.**

TNMU is a leading provider of high-quality educational medical programs for international students, and it is listed in the WHO (World Health Organization), ECFMG (Educational Commission for Foreign Medical Graduates), and IMEDFAIMER (International Medical Education Directory) medical school/university directories.

The Institute of Nursing is a separate unit of TNMU that combines theoretical and practical nursing training. The main goal is to dispel the myth that a medical nurse is only a doctor's assistant. Our national nursing level is being raised in accordance with current global standards.

TNMU introduced distance learning programs after studying international experience and with the support of Ukraine's Ministry of Health.
